“Diamonds are forever, and so is Education”

British Education with Educate Private

Marina Byrne, the Managing Director of Educate Private, gave a brief introduction to the benefits of investing in a British private education during tea and fielded questions with individual guests throughout the afternoon.

Diamond exhibition by Chopard

Tasso Von Berlepsch, the regional director for Chopard, exhibited their famous Happy Diamonds collection. Delighted ladies tried on a variety of jewellery and watches, whilst being advised on how (and when) to wear diamonds with the greatest elegance and class.

AFTERNOON TEA

Afternoon tea with The English Manner

William Hanson, a record-holding etiquette instructor, gave an engaging talk on the etiquette behind Afternoon Tea, its preparation and how to serve it. The guests enjoyed tea, scones and typical British sandwiches.

Our guests left with a bag full of goodies including a luxury treatment from the Hummingbird Spa and vouchers for discounted services from all the participating brands.

“Diamonds are forever, and so is Education”
